PROJECTS

eComEdge E-Commerce Platform

Deployed to Precision Reloading, T&R Electric, Ag Spray Equipment & Precision Fishing. My work on the websites included product searching & filtering, payment processing, order processing, shipping, taxes, coupons, customer relationship management, inventory, and more.

ShipStation and Warehouse ERP integrations

Deployed to Mitchell Manufacturing and Precision Reloading. Improved shipping logistics by integrating ShipStation into the Express business processes API I developed. Fulfilled client requests to further automate their warehouses and Precision's ecommerce site.

Paige's Music Instrument Rental & Exchanges

Created an online rentals process for a business which delivers instruments & supplies to hundreds of schools each week. Developed and integrated this website into our enterprise software suite. I was later asked to develop an exchange program for the instruments and delivered the website in a timely manner.

T&R Electric Job Applications & Quote Management

Improved the hiring process for the largest supplier of remanufactured transformers in the US. Built an advanced configurator to manage quotes submitted via the ecommerce quote site I built.
